### **What happens once I apply/submit my CV?**

If you have applied for a specific role, you will automatically receive an acknowledgement confirming receipt of your application and the recruitment timescale. If you have not been contacted within four weeks, your application has not been successful but we thank you for your interest.

If you've made a speculative application we will keep your details on file for 6 months and contact you if we have a vacancy that we feel may match your skills and experience. In the meantime please continue to check our website.

### **What is the recruitment process?**

Short-listed applicants will be asked to attend a first stage interview. Following this there will be a requirement to attend either an assessment centre or a further interview. You may also be asked to participate in a number of selection tests.

### **What happens after an assessment centre or interview?**

We will contact you to confirm the outcome.

### **Do you consider applications from outside of the UK?**

We are unable to consider applications until you have actually arrived in the UK. In line with UK immigration law, we welcome applicants from outside the UK, provided that The UK Department of Immigration have issued the necessary working visas or residency permits. On arrival please visit our website for any suitable opportunities that may be available.
